Green Level High School  
Cheer and Dance Teams

Hello,

The Green Level High School Cheer and Dance Teams are hosting a Mini Clinic for kids of the Cary/Apex area. This fundraiser is to raise money that will go towards competition costs at the county, state, and national levels for both the dance and cheer teams. Both Coach Katie Pope (dance) and April Mack (cheer) are very excited to represent the Green Level Community in all arenas. Both cheer and dance competitions require immense financial support to order costumes or uniforms, choreography, music, and many other items. This clinic will be a huge fundraiser for both of our programs. We fully believe that it takes a village to build a successful program. We would love to have your business sponsor this fundraiser to purchase uniforms, pom poms, and food for our participants at this mini clinic. At this clinic all participants will learn material from both the cheer and dance teams and perform with the high schoolers at the September 16th football game at the Green Level Stadium. The participants will be wearing a t-shirt where we plan to promote your businesses. Again, we would greatly appreciate your support to kick this fundraiser off.

Thank you so much

Katie Pope & April Mack

Head Varsity Coaches
